Overview of models

Product description

Inspired by nature: The unusual, almost organic shape of Zehnder Vitalo in the 'cut' version adds a distinguishing feature to every modern setting. Distinctive and practical: One or two cut-outs, depending on the height, help to heat both hand and bath towels.

Benefits

- Innovative technology for efficient heating
- Extremely slim and noticeably light
- A striking profile for a distinctive look
- Cut-out(s) to heat towels
- Hygienic and simple to clean
- Supports integrated connection thanks to Zehnder EasyFit

Connection to central heating system

,cut' version painted, with towel cut-out

Model	H mm	L mm	Thermal output			Exp. n	Thermal output electric watts	V dm ³	M kg
			EN 442 ① watts	70/55/24 Watt	55/45/24 Watt
